Amarinder 9Dec2024 Simran 0476269028 I did call to Simran at 5:09 PM. It's a six minute 53 second call. Number is 0476269028. This call is related to her brother's student subsequent visa. As I notified to the document provide as soon as possible. Then she notified to me firstly health insurance BHUPA is all good to do. Then I asked provide the document so that I can do BHUPA insurance for you. And another thing we need to be get all the documents so that we can prepare. If you really want to submit the application before Christmas then you need to be share your document in this week only. She said definitely you will get document within the one or two days and I am arranging the financial document. So I am arranging 35,00,000 liquid amount. I said yes, 35 including business liquid amount is all good. So assets are different, different. You can't add assets in it.
